WELCOME TO MY SECOND NEWSLETTER... photoG quarterly

Hello everyone! Welcome to the (slightly belated) autumn issue of my newsletter. I have made a big change and moved from Melbourne to Singapore. So far I have been here for about two months and have done some sporadic photo work. I'll give it 12 months and see where that takes me.

REGARDS,
GLENN

Fashion photo shoot...

My first Singapore commissioned fashion photography shoot was held at the Singapore Botanic Gardens. It was a typically rainy afternoon with one model, two designers and ten garments to get through! Despite the rain and biting ants, we made it with everyone happy at the end of the day. Images will be up next week.

Singapore local football...

Out and about with friends from a local football team Muddy's (Muddy's is an Irish Pub!) I agreed to shoot one of their local games for promotion. Despite the loss, all seemed to have a good day out on the field and at the pub that evening. Images on *Facebook* now.

Recent and new travel...

I have been travelling as much financially possible here... Living in Singapore is such a great springboard into other countries. Short trips have included...

Bali - Stayed near Kuta, visited the beach, a coastal temple and climbed Mount Batur at 4am to reach the summit for the sunrise. Brilliant! Images on *Facebook* now.

Hong Kong - This was a short two day trip for the HK Rugby 7's. Only a blur now ;)

Macau - Spent a few days wondering around (recovering from HK) this mini version of Las Vegas. Images currently being sorted and will be online next week.

Langkawi - A relaxing trip. Just what we all need sometimes. Images up soon.

Kuching - Good for shopping and soaking in some Sarawak culture. Images coming!

Bintang - Next weekend!

Getting into social networks!

Well it has taken me a while to get into the whole social media thing but I'm now part of one of the biggest, *Facebook*. Find me there! I will be posting the latest news and images there first.

I also have a new flickr photostream page that can be viewed at... www.flickr.com/photos/gmphotoart

On Skype now too! Search for user name **gmphotoart**
